

Anastasiia Aleksiichuk

Product Owner · B2B SaaS & E-commerce

Belgium, Brussels (Remote)

poshtar.a15@gmail.com · Telegram · LinkedIn · Portfolio

Summary

Product Owner for B2B SaaS and e-commerce with 4+ years across product design, product ownership and sales. I set roadmaps and OKRs, prioritize with RICE and JTBD, and validate ideas in AI-built prototypes before they reach a sprint — most recently lifting sign-up → payment ×6.6 at LLM API with sales, growth and engineering. Years in pharmaceutical sales taught me to start from what customers actually pay for.

Key results

- **×6.6 sign-up → payment in 24 hours, ×8.7 by day 7** — LLM API onboarding redesign, measured on equal-window cohorts
- **+33% checkout clicks** and a higher share of Medium and Large bouquets — MUSÉ Flora visual size guide
- **0 → live B2B marketplace** for buyers, suppliers and admins across the GCC — Carma
- **1 week from idea to a live product** — Gotta, built with Claude Code

Experience

Founder & Product Owner — Gotta

Oct 2026 — Present · Own EdTech product · Remote · gottaenglish.com

- Defined the problem and the job to be done for learners of spoken English.
- Scoped the MVP from the JTBD and left retention features for later, on purpose.
- Built and launched in a week with Claude Code — Next.js, Supabase, Vercel.
- Set a North Star (weekly phrases listened) with play-through rate, phrases per visit and return frequency as inputs.

Product Designer — LLM API · Spendbase

Jul 2026 — Sep 2026 · B2B SaaS · Remote

- Owned the onboarding redesign — ×6.6 sign-up → payment in the first 24 hours.
- Ran discovery on hundreds of prospect calls; moved the aha-moment from the first request to the first saving.
- Measured the change with equal-window cohorts in Clarity and Grafana, and named the activation trade-off openly.
- Refactored the AI-built product into a design system AI agents can follow.

Product Designer → acting Product Owner — Carma

Jun 2024 — Jun 2026 · B2B marketplace for auto parts · GCC · Remote

- Owned the roadmap and set OKRs; prioritised the backlog with the PO and BA.
- Ran discovery: competitive analysis and interviews with workshops and suppliers.
- Turned sales-team feedback into features and backlog items.
- Mapped every role's workflows — buyer, supplier, admin — with User Story Mapping.
- The only designer from zero to a live platform.

Mentor — Designly School

Aug 2025 — Feb 2026 · UX/UI Design: START

- Mentored 21 students — 736 video reviews of their work: what works, what to fix and why.
- Ran workshops and brainstorming sessions with students.

UX/UI Designer — Subsocial

2023 · Startup · Remote

- Designed user flows for core scenarios of a Web3 social product — onboarding, posting and interacting with content.
- Turned flows into wireframes and interactive prototypes in Figma.
- Worked with developers and the product team to ship designs as built.
- Spoke on stage at Web3 Summit in Lisbon about why UX matters in Web3 products.

Regional Sales Manager — Sandoz

2017-2022 · Pharmaceuticals · Chernivtsi region, Ukraine

- Owned sales of medicines in the region end to end.
- Set sales goals with SMART and tracked plan vs actual every month.
- Segmented clients by potential (ABC) and planned visits around it.
- Used SPIN to uncover what doctors and pharmacists really needed.
- Built the brand in the region; worked with KOLs and organised events for top-level doctors, pharmacies and clinics.

Skills & tools

Discovery: JTBD, User Story Mapping, Customer Interviews, Usability Testing

Prioritisation: RICE, ICE, Kano, Roadmap, Backlog Management

Goals & Metrics: OKR, North Star, AARRR, Cohort Analysis, Conversion, Activation, Retention, LTV, AOV, DAU / MAU

Delivery: Kanban, User Stories, Acceptance Criteria, Stakeholder Management

Product & Delivery Tools: Jira, Notion, Miro, Confluence

Analytics: Microsoft Clarity, Grafana, Google Analytics, Shopify Analytics, Amplitude, Mixpanel, Hotjar

Research & Testing: Maze, Google Forms, Typeform, Calendly, Similarweb, Ahrefs

Design & Prototyping: Figma, Figma Make, Claude Code

Languages: Ukrainian (Native), English (B2), French (B1), Polish (A2)
